

New SARS-CoV-2 IgG ELISA developed in collaboration with **Actim** now CE-marked!

We have developed a SARS-CoV-2 IgG ELISA for mass testing of recent COVID-19 infections with Actim which is a fully owned subsidiary of Medix Biochemica. The Declaration of Conformity has been signed and the test is CE-marked. The test is one of the most reliable on the market!

- 96% sensitivity and 98% specificity against RT-PCR
- Highly specific to SARS-CoV-2 in cross-reactivity tests of 16 viruses
- Gives quantitative results in less than 2 hours

The kit is supplied by Actim, so for inquiries, please visit www.actimtest.com
